

FB32.160

Full Batten

FB SYSTEMS

FB32.160 system, 160 mm sliders. Designed for large boats and for mainsails with a large roach, they offer the high strength of HS Fibre Guides (for tension load) and the low friction of the Torlon ball bearing (for compression). Maximum load because the HS fibre guides give excellent resistance to the main pull loads despite the compact size of the carriages.
